"COPPELIA FOR STUDENTS"

TO BE PRESENTED JUNE 5-6

"Coppelia for Students" will be presented as the recital work of the Bethel Children's Dance Theatre in a matinee performance on Friday, June 5, at 3:45 p. m. and an evening performance on Saturday, June 6, at 8 p. m., in Telstar Auditorium.

This version of Coppelia is not a complete ballet due to the ages of the children involved. Various types of songs and dances are used in order to present each child in his best work. However, the musical thread that weaves through the story in all ballet and pantomime work is from Delibes, Coppelia.

The story, a lighthearted comedy, has delighted audiences of all ages throughout the years. Act one, The Village Green, evolves around the window of the toyshop where a beautiful young girl, Coppelia, played by Cathy Chapman, sits. Everyone in town takes her to be the daughter of the old toymaker, Dr. Coppelius, played by Stephen Seames, Franz, portrayed by Kristin Wiese, a peasant lad who has an eye for a pretty girl, has become infatuated with Coppelia, much to the annoyance of his fiancée, Swanhilda, portrayed by Terry Berryment, and her friends, Jean Manson, Kathy Haskell and Terry Roy.

The local innkeeper of the town played by Bobby Tiff, has announced a wedding celebration in his banquet room as a gift to all who are betrothed. He asks Swanhilda if she is going to take advantage of the offer and marry Franz. Since legend has it that if one gently shakes and listens to a sheaf of wheat it will tell if one will soon be wed, Swanhilda calls on the little Village Maidens to listen for her only to be told that Franz is unfaithful. Franz, in the meantime, has been busy admiring Coppelia in the toyshop window.

Also appearing in Act one are the following: Village Maidens in Marzarka; Beth Manson, Tamr Carson, Terri Wight and Shelly Roy; Leg end of the Wheat: Terry Horton, Sandra Mackay, Cathy O'Donnell; Innkeeper's friend: Dean Walker; Toy maker's guards: Marshall Fleet, Evie deFreese, Debra and Sharon Briggs; Village Guys and dolls: Erik Dickson, Betty Tripp, Ricky Angewane, and Myra Otero; Look Who's Dancing: Audrey Witter and Barb Yoder; Traffic stoppers: Edwile Yoder, Linda Stearns and Alan Fleet; Real live girl: Nancy Buck; Ruffians: Eric Dombkowski and Tommy Secker; Jumpin' Jazz: Gail Doon, Jeff Fleet, Robin Doon, Elden Yoder and Darnita Yates; Cute: Judy Stowell; Ruffians: Doug Brooks and Paul Parrar; April Showers: Mindy Merrill, Christine Mills, Jennifer Hudson, Brenda Mills, Debra Young, Alberta Smith, and Sheri Angewane.

Act two takes place in Dr. Coppellius' Toyshop. One evening as the old toymaker leaves his shop, he is encountered by some ruffians who cause him to lose his key. He escapes unaware of the lost key. Later Swanhilda and her friends find the key and decide to venture into the toyshop to find the Toymaker's daughter, Coppelia. Upon entering they see the lifelike dolls from many nations and places, and they mischievously set them in motion. After search in all corners they finally come to a screen and thrusting in back find Coppelia! They prod her gently thinking she is asleep, but on further observation discover that the object of Franz' infatuation is nothing but a doll—the clever work of the Toymaker!

Appearing in Act two are: Jack—the boxer: Tammy Fleet and Mary Ann Jaros; Irish Dolls: Dec-

Swanhilda, played by Terry Berryment of Bryant Pond, who pretends to be Coppelia, the Doll.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Bids will be opened for a police car and highway truck next Monday night at the Selectmen's meeting.

There have not been any inquiries regarding the East Bethel School. There was more interest expressed last fall when it was offered for sale. There no doubt will be more interest develop as the time expires to get bids in.

We have had very few requests to tar driveways this year. If there are more people who want the work done it would assist us in planning if they would contact the office.

R. Glenn Murphy who has been hired to oversee the dump has been unable to do very much so far as the bulldozer needed some work done on it and we were waiting for parts this week. It is now back in operation.

Work has commenced on the Sanding Brook project. Dana Douglass is now surveying the area in preparation for a plan to be submitted by the Soil Conservation Service as to how they feel we can best improve the situation.

GOULD ACADEMY'S 130th COMMENCEMENT EXERCISES TO BE HELD SATURDAY, JUNE 6

The baccalaureate service for members of the senior class at Gould Academy, parents, friends and interested members of the community will be held at the West Parish Congregational Church on Saturday, June 6, at 10:30 a. m. The Reverend Theodore Fritsch, associate minister of the State Street Church, Portland, will be guest speaker.

The senior class has invited Theodore Sturgeon, noted science fiction author from Los Angeles, Calif., to be commencement speaker at 2 o'clock Saturday afternoon. Interested members of the public who would like to hear Mr. Sturgeon are welcome to attend Gould Academy's 130th commencement.

S. A. D. 44 BOARD OF DIRECTORS ACCEPTS RESIGNATION OF ADMIN. ASST. MONDAY EVENING

The board of directors of S. A. D. 44 accepted the resignation of Roger A. Spugnardi as Administrative Assistant in charge of Elementary Education, effective June 30, 1970, at a regular meeting held Monday evening at Telstar Regional High School.

Mr. Spugnardi has accepted a position as director of the Greater Portland Day Care Center, under the auspices of the Diocesan Bureau of Human Relations Services. The program is associated with the Model Cities Program. Mr. Spugnardi had been in his S. A. D. 44 post since 1967.

The board accepted the resignation of Daniel Hannon as assistant football coach. The board approved the appointment of Mr. Hannon as director of the intramural program for students in grades 7 and 8 at Telstar.

Also approved by the directors was the wage-fringe benefit package under negotiation with the custodians, bus drivers and cooks. The cost of the approved program for custodians and bus drivers represents an increase of about 7.38%. The package for cooks represents an increase of about 4.7%. The majority of employees in these areas have been working on the same scale for two years.

Parker Allen of Woodstock reported that the curriculum committee had met with Telstar department heads, 7th and 8th grade teachers, administrators, and the 6th grade teachers to discuss various problems. One of the basic problems is the lack of reading ability at the high school level. It is expected that Mrs. Joan Wiese, curriculum committee chairman, will have specific recommendations at a subsequent meeting.

In the absence of Milton Mills, building committee chairman Mr. Allen reported for that group. The committee had approved the acquisition of three L. P. gas tanks at Telstar, replacing one central in station, with which there had been difficulties with water in the line.

The board requested that Floyd Keniston, chairman of the industrial arts department at Telstar, be present at the June 15 meeting of the group in regard to having students involved in the construction of a bus garage and working on district-owned vehicles.

MISS TIBBETTS TO BE SPEAKER AT TELSTAR GRADUATION, FRIDAY, JUNE 12

Miss Margaret Joy Tibbetts, Deputy Assistant Secretary of State for European Affairs, will be the speaker at the Telstar Regional High School graduation exercises to be held on Friday evening, June 12, at 8 o'clock in the school's gymnasium. Miss Tibbetts was born in Bethel, and was graduated from Gould Academy in 1937. She received an A. B. degree from Wheaton College in 1941 and a M. A. degree from Byrn Mawr in 1942 and a Ph.D. in 1944. Miss Tibbetts has also been the recipient of honorary degrees from the University of Maine in 1966 and Bates College in 1969.

Miss Margaret Joy Tibbetts

Miss Tibbetts' career in government service has been extensive. Since 1941, she has held responsible positions in government, serving in the Office of Strategic Services, the Department of State, the International Cooperation Administration and before her current assignment, served as American ambassador in Oslo, Norway.

Supr. Ralph Ryder reported that a projected registration of about 60 pupils for grade 1 at the Crescent Park School indicated a need for another teacher at that level. By a narrow margin the board voted that the elementary guidance counselor's position be left vacant for one year and that an additional third grade teacher be hired.

Widie Snyder of Andover was chosen to be a representative to the Delegate Assembly of the State School Board Assn. at the U. of M. Orono, on June 6.

Board members not present were: Milton Mills, Woodstock; Robert Davis, Newry, and Mrs. Joan Wiese, Bethel.

The next regular meeting of the S. A. D. 44 board will be held in the library at Telstar Regional High School on Monday evening, June 15, at 7:30.

There will be no June 9 meeting of the Senior Citizens Watch for a later notice.

Early Thursday morning Fay called and said, "The blues are in full bloom and beautiful. I'm going up. Do you want to go?"

My answer of course was "Yes. I'll take the car out and meet you."

So we saw the morning chiding fair, we climbed to the top of the hill. The bluebirds flew caudally with a sister and a tall. Beautiful valley, grass so soft, touched by the dew at the beginning of this day, beneath the sky, so blue.

The scene from here, we have visited over and over again but it's always new as it unfolds its love lines.

Breezes ever so gentle came across the pond and through the field, golden with dandelions, bringing the sweetness of the apple blossoms.

We reached the top as the sun was just hitting the blues, a hedge 30 or more feet in length against the wall where once stood an old house. Every branch was loaded, a mass of beauty.

"I have always thought of blues as a flower of special grace. Purple towers that go reaching for a higher, nobler space. 'Tis as if their templed splendor calls us to an hour of prayer. And we worship in their beauty. And the incense hanging there."

(Minnie Klemme)

There was just one thing I missed among the fragrances. Bees! Were we too early? Was it too cool and they too reluctant to be out? Or has something happened to them? I have seen so few this season.

The mountains on every side lifted their shoulders, steadfast, courageous, unchanging, unsurpassed while above floated the softest of clouds that we could almost feel as we looked.

We stayed for a time to take in the beauty of the day, the splash of sunshine, the green-green of meadow grass and trees, the music of the wind, took a few pictures, packed a few blossoms, and descended the hill.

We'll remember the scenes of this day.

Our memories will hold them fast. Again and again we'll recall lovely things we saw.

For they are ours to keep and to last.

Joy Hayes flew by plane from New York to Portland where she was met by some of her relatives and then spent the week end with her grandparents, Mr. and Mrs. Roland Hayes.

Christian Science
Man's search for a "first cause" leads to both scientific and spiritual answers included in the Lesson Sermon to be read in all Christian Science churches this Sunday.
Ezra 1: "God the Only Cause and Creator." The Lesson Sermon quotes from the prophet Isaiah: "As the earth brings forth her bud, as the garden causeth the things that are sown in it to spring forth, so the Lord God will cause righteousness and praise to spring forth before all the nations."
The words and healing words of Christ Jesus are cited in these words from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Physical creation was not made from first to last by this original man Jesus. He knew that the divine Principle, Love, creates, and governs all that is real."
The public is invited to attend services beginning at 11 a. m. at First Church of Christ Scientist, Main and Tenth Sts., Bethel, N. H.

A CALL FOR HELP
What has happened to our Legionnaires Who always wanted to be counted there. Personal gains seems to be their cry. Some things money can not buy. Six thousand is not so much to pay When you try to figure out a way to save.

A wooden structure was what we had. No repairs, so things went bad. Boarded windows, and broken glass. It takes time, it would be quite a task. Our World War I boys are mostly dead. Their cries for help can't be said. If they were here would we have to call.

More than once for one and all. What has become of the spirit of fair play. Who cares, so let's be on our way. Every man for himself these days. Every man can do it all, we don't care. When the Hall's complete we'll be there.

Dedication and honors we'll help share. Our uniforms will save our faces. World War II's look good in public places.

If the shoe fits wear it. If it doesn't prove it. Adeline Dexter, Pottery Submitted by: Lucie Smith

Today recalls a memory,

Those who think of him today,
Are the ones who loved him best.
Our hearts still ache with sadness,
Our eyes shed many tears.
God alone knows how we miss him.

WHAT MAKES A HAPPY FAMILY?
It's something we all want, for ourselves and for the world. But if we work within the limits of human frailties, a happy family may seem a difficult goal. What we need is a new approach... a spiritual dimension that puts God at the center of all family relationships. Hear this lecture "What Makes a Happy Family?" by HARRY S. ACTIVITIES

On May 31 the Latin Club organized a picnic to Reid State Park. The picnic was the last activity sponsored by the club for the 1969-70 school year. The following club members came along: Frances Thurston, Karen Jordan, Linda Hathaway, Judy Angvine, Sally Deegan (guest), Cindy Hastings, Elaine Conner, Bob Tift, Paula Wight, Kris Glines, Linda Gilbert, and Steve Blake (guest). The chaperones were Mr. and Mrs. Otero-Otero and Mrs. Barbara Hathaway. The group behaved exceptionally well, and everybody had a good time. Only one complaint was made by some students—the day was beautiful, but Father Sun had no mercy!

On June 2, Ray Harrington spoke to members of the Senior Class. Mr. Harrington spoke about the significance of graduation and touched upon problems and aspirations common to all seniors at this Commencement season.

GUIDANCE NEWS

Deborah Mae McKeen has been accepted by Farmington State College in their Home Economics course.

STUDENT COUNCIL NOTES

Telstar is one of the few schools in New England teaching a new approach to physics—Harvard Project Physics, known as H.P.P. As a result of the experience we have had, the State Department of Education of New Hampshire invited the physics staff and some Telstar Students to present a workshop for physics teachers. Ellen Dombkowski tells of the day:

On Wednesday, May 20, 1970, at 7 o'clock Mr. Kersey, Mr. Fiske and four fairly brave physics students, Brenda Tibbets, Andy Davis, Topper Fiske and I headed out to Manchester, N. H. As all devoted physicists we discussed relativity, the weather and why Mr. Kersey's radio came in while only going downhill. Our three hour trip was made shorter by our stop to view the Old Man-of-the-

first commencement. He received recognition as a Dean's List scholar. He also received a plaque for the highest rank for the four year program, and the President's award for outstanding accomplishment. He was named a Unity scholar. Mr. Greer has accepted a position as a forestry buyer for the Foster Manufacturing Company, Strong.

Mrs. Elizabeth Wight took her third grade pupils from the Raymond Foster School to Bethel Thursday, to visit the Bethel Post Office and the Citizen Office. The children watched the Citizen being printed and toured the post office. They were most impressed by the 5c stamp. Making the tour with their teacher, Mrs. Elizabeth Wight, were Cindy Lane, Carlee Merrill and Wendy Davis.

Mountain and N. H. lovely scenery.

Upon arrival we found ourselves at the Sheraton Motor Inn in Manchester, N. H. A quick cup of coffee, the to work setting up our exhibit. Progress was hampered only by 2 forgotten water troughs which were soon found in Manchester. At the conclusion of our setting up, most of the teacher participants had arrived and we proceeded to eat. The students as well as advisors had a chance to meet and talk with the teachers on their physics program and to exchange ideas and points of view.

After lunch, Mr. Kersey started his lecture and Mr. Fiske followed up. Free text material on H. P. P. was given to the teachers and us students so that we could follow the lectures more easily and closely.

During the question and answer period you could tell that many were interested in H.P.P. while others still were rather skeptical. Questions were addressed to both our advisors and ourselves. We then went to our demonstrations where teachers could both view and participate in some experiments that traditional courses do not offer. It also gave them a chance to talk to us further and individually in order to give them a better idea of our views on H.P.P. I feel that the

whole thing came to a close too soon for everyone, but was enjoyed by all.

Our sponsor took us out for supper at which time he thanked us for a job well done and spoke to Mr. Kersey and Mr. Fiske about setting up workshops for the many interested teachers next year.

We left Manchester at 6:30 and after getting lost just once and taking several pictures of the moon's ascent we arrived home. A not very typical 15 hour day!

DAVIS - BROWN

The Bethel Methodist Church was the scene of a lovely afternoon wedding on Saturday, May 23, when Miss Laurel Gaye Brown, daughter of Mr. and Mrs. Edwin L. Brown of Bethel, became the bride of Daniel Roy Davis, son of Mr. and Mrs. Richard Davis, also of Bethel. The double ring ceremony was performed by the Reverend Frederick Bailey, pastor of the church, before an altar decorated with bouquets of white gladioli and yellow and blue mixed flowers. Music by organist Mrs. Richard Littlefield, included both traditional and modern favorites of the couple.

The bride, given in marriage by her father, wore an empire style full length gown fashioned of bridal satin with lace over-bodice and full lace sleeves. A narrow ribbon of powder blue velvet trimmed the bodice. Her fingertip veil of bridal tulle fell from a band of small flowers and she carried a bouquet of white, yellow and blue daisies with white ribbon streamers.

The maid of honor, Miss Amy Bryant of Seal Harbor, college roommate of the bride, wore a yellow full length gown of satin with white lace over-bodice and sleeves. She carried a bouquet of yellow and white daisies and wore in her hair a chain of yellow daisies.

Miss Nancy Brown of Philadelphia, Pa., and Miss Rebecca Brown of Bethel, were their sister's bridesmaids. Their gowns were identical in style to that of Miss Bryant's.

but in light blue satin and white lace. Their bouquets were of blue and white daisies and they wore matching daisy headpieces.

Serving the groom as best man was Clayton Rice of Otisfield. Ushers were James Dock and Mark Hutchins, cousins of the groom, both of Bethel.

The bride's mother wore a navy blue A-line dress with white accessories and a corsage of white split carnations and pink rosebuds. The mother of the groom was dressed in a pale green and white suit dress with white accessories. Her corsage was of white split carnations, centered with yellow rosebuds.

Following the ceremony, guests were received in the church annex which was appropriately decorated with white wedding bells and streamers. Serving at the refreshment table were the bride's aunts, Mrs. Keith Ring and Mrs. Hugh Swan, Locke Mills, and her cousins, Mrs. Eugene Brown, West Bethel, and Miss Merry Ring of Locke Mills. The tiered wedding cake, made by Mrs. Rodney Jordan of West Bethel, aunt of the bride, was beautifully

decorated in white, with yellow and blue roses and white doves, and was topped by a cluster of wedding bells. It was cut and served by Mrs. Jordan and Miss Amy Bryant. Miss Cathy Davis, sister of the groom, circulated the guest book. In charge of the gift table were two of the bride's cousins, Miss Kathleen Brown of Bethel and Miss Karen Jordan of West Bethel.

Following a short wedding trip, the couple will be in Bethel until the termination of the groom's leave.

Mrs. Davis is a 1967 graduate of Gould Academy and will be a senior at the University of Maine, Orono, in the fall. Mr. Davis is also a graduate of Gould Academy and of New Hampshire Vocational Technical College, Berlin. He is presently serving as Sp5 in the U. S. Army and will report to California for assignment.

WE TRY NOT TO
KEEP YOU WAITING LONG

Usually, your prescription can be ready quickly. We will first record it, then check the ingredients, dosage, directions, locate the medicine, package and label it and finally re-check those steps before giving it to you. All this is important for your protection. If it is necessary to compound a combination of medicines for your prescription, we will always tell you in advance that it will take a little longer than usual.

On this type of prescription, if you need a refill you can call in the number in advance. In this way we can most often have it ready for you. Our aim is to give the fastest service that caution permits.

NOTICE
CLUKEY'S PHARMACY, INC. IS UNDER CONTRACT WITH MEDICAID (STATE) AND MEDICARE (FEDERAL) TO FILL PRESCRIPTIONS. If you have any questions, come in and we will be glad to answer them.
